**RESPONDENTS**

1. **CRESTSMARKET ("CRESTSMARKET")** is an online entity that purports to be an online crypto currency trading platform, having a business address of 243 Lozells Road, Lozells, Birmingham, West Midlands, B19 1RJ. **CRESTSMARKET** is accessible via the website <https://crestsmarket.com> and may be served through its domain registrar **NAMECHEAP INC** located at 4600 East Washington Street, Suite 305, Phoenix, AZ 85034 via [legal@namecheap.com](mailto:legal@namecheap.com).

### STATEMENT OF FACTS

3. On September 27, 2021, an Alabama resident filed a written complaint with the Alabama Attorney General's Office that was forwarded to the Commission regarding an investment made with a crypto currency trading platform named **CRESTSMARKET**. The Alabama resident discovered the **CRESTSMARKET** website by being referred to it by a close friend. **CRESTSMARKET** purportedly accepts crypto currency funds and provides a certain percentage of return based on the amount of investment and number of days the investment is kept in the market. The Alabama resident believed their crypto currency funds would be used towards purchasing additional mining equipment or funding the organization that conducts the mining.

4. The Alabama resident's friend deposited crypto currency into **CRESTSMARKET** and received a return on their investment multiple times. Due to this experience, the Alabama resident felt confident the investment opportunity was legitimate. The Alabama resident then created an account with **CRESTSMARKET** and began investing. The Alabama resident made three investments with BTC for the following U.S. currency values at the time of the investments. The first on September 15, 2021, for 0.21021 BTC (\$10,109.26), the second on September 17, 2021, for 0.105992 BTC (\$5,140.43), and the third on September 18, 2021, for 0.020596 BTC (\$996.56). The BTC was deposited to a wallet provided on the **CRESTSMARKET** website.

5. The Alabama resident was able to withdraw their return on investment for all three investments but then became suspicious when the principal invested funds could not be withdrawn from the **CRESTSMARKET** account. According to an email to the Alabama resident from admin@crestsmarket.com, the principal was not able to be withdrawn from **CRESTSMARKET** due to new rules being implemented that required a certain amount of profit to be made before being allowed to withdraw. The Alabama resident then communicated with **CRESTSMARKET** representatives over the website's chat portal inquiring why the funds could not be withdrawn. The representative then stated a customer verification process would need to take place, and they would need an additional \$2,000.00 for verification. The Alabama resident then deposited 0.046812 BTC (\$2,000.87) to a different **CRESTSMARKET** wallet address.

6. Legal process served during the investigation revealed the owner of the website was Namecheap Inc Username “divineweb” with Namecheap Inc subscriber name of **DIVINE PRINCE**. It further revealed “divineweb” had created 76 websites through Namecheap Inc. Of the 76 websites, 24 of them functioned and 21 of them operate in the same manner as **CRESTSMARKET**. The 21 websites offer services for investment trading. The websites have similar names such as the changing of only a few characters, the same manner of headers, navigation bars, main menus, mega menus, feature images, hero images, and footers.

7. See Exhibit A for the aforementioned 21 websites that operate in the same manner as **CRESTSMARKET**. The remaining 54 websites that were not similar to **CRESTSMARKET** involved businesses not related to securities or websites that did not function properly.

8. IP addresses analyzed that were used by “divineweb” when logging in, conducting transactions, placing orders, and creating domains on Namecheap Inc. predominantly originated from Nigeria.

9. On January 3, 2022, a review of the registration files of the Alabama Securities Commission revealed no registration for the **RESPONDENTS** in any capacity.

10. A review of the Alabama Secretary of State’s online database revealed no record for the **RESPONDENTS** as domestic or foreign businesses.

11. A review of the 22 websites that did function that were created by “divineweb” were checked in the National Futures Association (NFA) Basic database and none of the websites were registered.

This Order is appropriate in the public interest for the protection of investors and is consistent with the purposes of the Act.

This Order does not prevent the Commission from seeking such other civil or criminal remedies that may be available to it under the Alabama Securities Act.

Additionally, if the allegations set forth herein are found to be true, though either administrative adjudication, failure of the **RESPONDENTS** to make a timely request for

hearing, or default of the **RESPONDENTS**, it is the intention of the Commission to impose sanctions upon the **RESPONDENTS**. Such sanctions may include, inter alia, an administrative assessment imposed on **RESPONDENTS**, an additional administrative assessment for investigative costs arising from the investigation of the violations described herein against **RESPONDENTS**, and a permanent order to bar **RESPONDENTS** from participation in any securities-related industry in the State of Alabama.

**ACCORDINGLY, IT IS HEREBY ORDERED** that **RESPONDENTS CEASE AND DESIST** from further offers or sales of any security into, within or from the State of Alabama.
